Summary

Bachelor's degree in Information Systems with a focus on front-end engineering. Experienced in building React applications with TypeScript and TailwindCSS, emphasizing predictable state architecture, consistent API integration, and reusable abstractions. Skilled in TanStack Query, end-to-end testing with Playwright, and web application security practices.

Experience

E/Code Digital

Desenvolvedor Front-End | May 2024 - Present

Front-end development for more than ten systems, including back-office platforms and landing pages, focusing on WCAG accessibility and performance improvements (Web Vitals and Lighthouse). Delivered unit and automated test coverage, applied component-based architecture, integrated with RESTful APIs, and worked within agile SCRUM development. Tools used include Git, GitHub, Docker, TypeScript, ReactJS, TailwindCSS, Figma, Playwright/Jest, and Next.js.

Secretaria Municipal de Saúde de Umuarama

IT Intern | August 2022 - May 2024

Provided help desk support to users of the Gestor Saúde system (DB1 Group) and the e-SUS APS system (Brazilian Ministry of Health). Trained more than 80 users on these systems. Developed the front end of an integrative solution to streamline use of the National Dengue Control Program system, using TypeScript, ReactJS, and TailwindCSS.

Educational Background

Bachelor's Degree in Information Systems - Universidade Paranaense - UNIPAR

February 2021 - December 2024

High School Diploma - Colégio Estadual Monteiro Lobato

Janeiro de 2018 - Dezembro de 2020

Languages

Portuguese: Native

English: Advanced technical reading and conversational

Technical Skills

- HTML5;
- CSS3;
- Git;
- GitHub;
- JavaScript;
- TypeScript;
- SQL;
- PHP;
- NestJS;
- NodeJS;
- ExpressJS;
- API Rest;
- ReactJS;
- React Native;
- TailwindCSS;
- NextJS;
- RadixUI;
- Java;
